

UC Hui Tairanga Tairanga Taranaki Information Evening – New Plymouth

Nau mai, haere mai, welcome

It is our pleasure to welcome you to the University of Canterbury Hui Tairanga | Information Evening.

Tertiary education is a conscious investment of considerable time and finances, the decision needs to be the right one for you.

Tonight, you will hear from our academics about our world-class programmes. We will provide you with all the information you need to know about accommodation, scholarships, student support, and ensure that you have access to the best resources to help make your decision.

I am your key contact, so please let me know if you have any questions or need some help.

Noho ora mai rā me aku mihi nui atu.

ATSIYL = Attend this session if you like

Arts, Humanities, Social Sciences, Sustainability & Creative Arts

In the **Bachelor of Arts** you can follow your passion and gain the critical thinking, creative problem solving and communication skills that employers need – skills that open up opportunities for careers in a wide range of sectors.

Also in this session, you'll hear about:

- **Bachelor of Communication**
- **Bachelor of Digital Screen (Hons)**
- **Bachelor of Fine Arts**
- **Bachelor of Music**
- **Bachelor of Social and Environmental Sustainability**

ATSIYL: Classical Studies, English, History, Geography, Media Studies, Languages, Art History, Practical Art, Music, writing, being creative, storytelling, film, making videos, current affairs or research

Commerce

The world of business is vast, diverse, and constantly evolving. Whether you're keen to delve into financial markets, explore innovative management techniques, or understand the dynamics of e-commerce, studying a **Bachelor of Commerce** at UC offers you the perfect platform.

ATSIYL: Accounting, Economics, Business Studies, Statistics, financial markets, management, marketing, leadership, tourism, business sustainability, innovation and entrepreneurship

Engineering, Forestry Science & Product Design

The **Bachelor of Engineering (Hons)** degree offers a flexible first year of study, giving you the opportunity to learn about the various engineering fields before selecting your chosen discipline. The degree is accredited by Engineering New Zealand, allowing graduates to work as professionally qualified engineers all over the world.

Disciplines offered at UC include:

- Chemical and Process Engineering
- Civil Engineering
- Computer Engineering
- Electrical and Electronic Engineering
- Forest Engineering
- Mechanical Engineering
- Mechatronics Engineering
- Software Engineering

Minors are also available in some disciplines, including Aerospace, Biomedical, Power Engineering, and more.

The **Bachelor of Forestry Science** is the only degree of its kind offered in Aotearoa. Hear how this interdisciplinary degree prepares you for managing forest resources by combining core science courses with management, commerce, and technology.

The **Bachelor of Product Design** combines creative design, science, engineering, and business studies. As a product designer, you'll plan and develop items for use in homes, businesses, and industry. Our graduates are highly sought after, with the creative skills and business knowledge to work in a range of occupations.

ATSIYL: Biology, Calculus, Chemistry, Design and Visual Communication, Digital Technologies, Geography, Mathematics, Physics, Science, Statistics, being creative, computer programming, solving problems, innovation, creating or designing things, environmental issues or working outdoors

Health Science, Sport & Social Work

Hear how UC can help you prepare for roles in the health and wellbeing sector to make positive changes in the lives of others. This session will explore specialist study options the:

- **Bachelor of Health Sciences**
- **Bachelor of Sport**
- **Bachelor of Social Work (Hons)**

ATSIYL: Biology, Health, Physical Education, Psychology, Statistics, sports, helping people or solving problems

Law & Criminal Justice

Hear how UC's **Bachelor of Laws** students deal with real people with real problems as part of our innovative clinical studies programme.

Then learn how our **Bachelor of Criminal Justice** draws together UC's expertise in criminology, sociology, developmental and abnormal psychology, policing, criminal law and procedure, and human services.

ATSIYL: English, Drama, Debating, Te Reo Māori, Languages, History, Classical Studies or seeking fairness and justice

Science

The **Bachelor of Science** is about understanding one another and how we interact with the natural world through observation, experimentation, modelling and calculation. Learn how to investigate the big issues confronting our planet, such as climate change, human health and diseases, the global water crisis, food security, environmental protection and much more.

ATSIYL: Biology, Chemistry, Earth and Space Science, Geography, Maths, Physics, making discoveries

UC Information Evening Tip Sheet

Accommodation

- Watch 360 hall videos online
